by Rudyard Kipling (1865-1936)

Kim is a fabulous adventure story set in India during the former British Empire. It tells the story of a street-wise but (in typical Kipling fashion) highly moral Anglo-Indian boy who becomes enmeshed in “the Great Game” — the competition between Britain and Russia for control over Asia. Taking time off from his role as the traveling companion of an aged Tibetan lama, the boy is trained as a spy, matches

wits with various evildoers, and wins out in the end. So much more than just a spy story, *Kim* is one of the most enjoyable books that you will ever read — or have read to you.

Rudyard Kipling was born in Bombay, India. He was the author of many short stories and novels including *The Jungle Book*.
